BUILT-IN GRILLS

POWERED BY

INNOVATION BUILT BETTER

700 & 500 SERIES

BIG44, BIG38, BIG32 & BI32

Made with 304 grade stainless steel and featuring seamless installation, the hub of your outdoor kitchen is as tough as it is beautiful. Stylish longevity, unparalleled performance.

NIGHT LIGHT Control Knobs with **SafetyGlow**
The control knobs with SafetyGlow turn red when a burner is in use (700 Series Only)

Instant JETFIRE Ignition
Easy to use ignition system shoots a jet flame to light each gas burner individually for quick start-ups

Rear Infrared Rotisserie Burner Commercial quality rotisserie kit and forks utilizing the rear infrared burner (700 Series Only)

9.5mm Shot Blasted Stainless Steel **Iconic WAVE** Cooking Grids
Contour design and construction ensures consistent cooking (7.5mm on 500 Series)

Dual Position Warming Racks
provide added space for warming, toasting or baking
(Two included on BIG44)

Dual-Level Stainless Steel Sear Plates
The multi-level set up creates even heat distribution and protects the burners (700 Series only)

Temperature Gauge With Smoke and Sear Range
Accurately measures the temperature of your grill for optimal temperature control

304 Stainless Steel
Construction with brushed stainless steel trim for seamless design

Trimless Design for Seamless Installation Built-in trim for better tolerance with cut-outs and no modifications to create a trimless design

Integrated Rotisserie Kit Storage On-hand for easy access for convenient rotisserie cooking

FINDING THE PERFECT STEAK.

When buying a large steak, choose one that has a uniform thickness of about 1½". Buy a top quality cut that is well marbled to ensure tenderness. The better the quality of beef, the tastier your steak will be. For a quick sauce, jazz up store-bought BBQ sauce by adding chopped chillies, a little Worcestershire sauce, a splash of vinegar, some chopped fresh onions or garlic, or get creative.

SUMMARY
